

Manorcourt Homecare
Independent Care

Our Branch

Manorcourt Homecare's Harlow branch provides tailored support and personal home-based care packages on either a regular or temporary basis, and enable people to continue to live independently in their own homes.

The manager is supported by an experienced team, including care advisors and care coordinators, all of which have worked in the health and social care sector for many years.

Manorcourt Homecare specialises in providing care services for people who wish to remain living in their own homes for as long as possible. In addition, services from the Harlow branch include providing personal care routines, such as bathing and dressing; domestic tasks such as washing, ironing, cleaning, cooking and shopping; live-in care for short or long term periods and respite placements into residential care homes.

Our care initiative lets individuals select the care they need, at the times they want and on the days that suit them. This can include anything from a temporary service, for example to enable individuals to return home from hospital to recuperate in their own surroundings with the support of professional carers, to arranging 30 minute 'pop-in' calls for comfort breaks, medication support or safety checks, through to more intensive 24-hour or live-in care.

The aim of a bespoke package is to provide the vital support services to people in Harlow and the surrounding areas, enabling them to continue to live independently in their own homes, with 100% confidence.

Our Reviews

“Very well managed with a high level of communication and support. My mother has been resident for a couple of years and in all that time I have been very much aware of the high levels of care and support given by all of the care staff. Not only are they unfailingly cheerful and supportive to my mother - but also to me and my son and daughter when we visit. A very big thank you from us all.”

“The overarching feeling about Manorcourt Homecare (Harlow) is that all the staff care. From the cleaners, care workers, duty officers and the managers. They all want to do their best for the patients themselves and the company. They are all a credit to the care working professional. And yes, it is a profession that requires many skills of empathy, patience, diligence as well as the maintenance and consistency of care to all patients working with differing bodies and strict budgets, organisational skills are required! I cannot speak highly enough of all those who work at Manorcourt Homecare (Harlow).”
