“Manorcourt Homecare have been brilliant. Always available if we had any concerns regarding mum. I can honestly say that my mum’s carer has given my mum a quality of life. Regularly reviewed my mum’s care plan to ensure that it was appropriate as her condition changed. I would recommend Manorcourt Homecare to anyone who needs live in care.”

“We have been assigned two fabulous carers. We cannot fault any aspect of their care. They are compassionate, kind, highly experienced and professional. We have further been supported by other carers. They have gone above and beyond in accommodating our wishes in providing consistent care for our parents. We are truly happy and satisfied with the care and respect we have received.”

Our Reviews

“I am so very grateful for my Carers. A particular Carer makes me laugh every day. She cooks me lovely meals and keeps my home clean and tidy. Another Carer is easy to talk to. She has a great smile and I’m always happy to see her. She’s lovely. This service has made a big difference to my life because I didn’t want to stay at the residential home.”

“Manorcourt Homecare have been brilliant. Always available if we had any concerns regarding mum. I can honestly say that my mum’s Carer has given my mum a quality of life that she definitely would not have if she was in a nursing home. Regularly reviewed my mum’s care plan to ensure that it was appropriate as her condition changed. I would recommend Manorcourt Homecare to anyone who needs live in care.”

“All the staff from top-down have had an input into facilitating my care. This has been done with dignity, support and at times extreme understanding. I am not your ‘generic’ service user. (I believe) I am not (technically) retired, and have mental issues and disabilities that are both variable and complex to understand. With communication and both Carer, coordinator, and manager, I learnt to accept my needs and care that was necessary for my physical and mental well-being. This has been a road of discovery and I am grateful going forward that I have Manorcourt Homecare (Hornchurch) as support and full time live in Carers.”
